

JOB OFFER

Position in the project:	<i>Adjunct (experienced researcher)</i>
Scientific discipline:	<i>chemistry</i>
Job type (employment contract/stipend):	<i>employment contract (half-time job)</i>
Number of job offers:	<i>1</i>
Remuneration/stipend amount/month	<i>2 825 PLN of full remuneration cost</i>
Position starts on:	<i>1.04.2022</i>
Maximum period of contract/stipend agreement:	<i>9 months</i>
Institution:	<i>Lublin University of Technology, Faculty of Civil Engineering and Architecture / Lublin</i>
Project leader:	<i>Prof. Wojciech Franus</i>
Project title:	<i>Fly ashes as the precursors of functionalized materials for applications in environmental engineering, civil engineering and agriculture</i> Project is carried out within the TEAM-NET programme of the Foundation for Polish Science
Project description:	<i>This TEAM-NET joint project assumes using fly ashes as a precursors for the synthesis of novel functionalized materials with the structure of not only zeolites, but also mesoporous silica materials and metal-organic frameworks (MOFs). Then produced materials will be tested for possible applications in agriculture, civil and environmental engineering. With the implementation of new technologies of coal combustion and flue gas treatment, new types of fly ashes with increased content of unburned carbon (up to 30%) have been produced. Such byproducts will be used in this project for the synthesis of novel zeolite-carbon composites. Previous work related to the use of this type of fly ashes was focused on the separate production of zeolites or activated carbons, which did not fully exploit the potential of the above-mentioned byproducts. Their use as a precursor to the synthesis of a zeolite-carbon-vermiculite composite in this project will also pave the way for developing a novel material to replace vermiculite raw materials in agricultural applications.</i>
Key responsibilities include:	<ol style="list-style-type: none"> <i>1. Using of advanced instrumental methods for modification and functionalization of porous materials.</i> <i>2. Planning and assisting in pollution substances sorption experiments on porous materials.</i> <i>3. Preparing and writing scientific articles for international journals.</i> <i>4. Tracking current research trends in the scientific literature.</i>
Profile of candidates/requirements:	<ol style="list-style-type: none"> <i>1. The candidate must have the PhD diploma from chemistry.</i> <i>2. The candidate must have documented experience (scientific articles in JCR list – minimum 10 articles) in the modification and functionalization of porous materials their synthesis and characteristics and application in pollution sorption.</i> <i>3. The candidate must be fluent in English (both speaking and writing) enabling communication and understanding of publication texts).</i> <i>4. The candidate must know the advanced methods which will be used for modification and functionalization of porous materials. Additional candidate must know various sorption techniques of pollution substances.</i>

	<ol style="list-style-type: none"> 5. Preferentially, the candidate should have an experience in obtaining funds for the researches from external project-funding agencies.
Required documents:	<ol style="list-style-type: none"> 1. Written application for the competition. 2. Curriculum vitae including (with the note "I consent to the processing of my personal data contained in the offer for the purposes of the recruitment process in accordance with the Personal Data Protection Act of 29.08.1997, Journal of Laws No. 101, item 926, as amended."): <ol style="list-style-type: none"> 2.1. A detailed description of the academic degrees and titles, titles of theses (master and doctoral), years of receiving the degree/academic title, names and affiliation of supervisors and reviewers of each thesis. 2.2. The academic career – chronological indication of places of employment with the indication of posts and contact details of the direct supervisor. 2.3. List of scientific publications/monographs/books/chapters – including the full list of authors, title, title of the journal and actual 5-year IF. 2.4. Participation in conferences (list of conferences in which the candidate took active part, stating whether it was a lecture or a poster), internships abroad (research stays) and most important trainings. 2.5. List of awards and distinctions including their range (international/national). 3. Copies of obtained diplomas. 4. Documented information about completed courses and trainings. 5. Other activities. 6. Signed Declaration No. 1
Please submit the following documents to:	w.franus@pollub.pl
Application deadline:	18.03.2022
For more details about the position please visit (website/webpage address):	https://www.fnp.org.pl/oferta_pracy http://wbia.pollub.pl/pl/praca http://www.wggios.agh.edu.pl/pracownicy https://www.biol.uw.edu.pl/ogloszenia-praca/
Appeal	<p>Possible appeals against the decision should be sent to prof. Wojciech Franus (project coordinator, w.franus@pollub.pl) no later than 7 days after receiving the decision, i.e. the date of results announcement. In the protest an explicit justification have to be included.</p>

CONSENT CLAUSE

I hereby declare that I have read the recruitment conditions for the **Adjunct (experienced researcher) Team #1** position specified in the open competition announced by the Rector of Lublin University of Technology for the **Student (scholarship) position in the Faculty of Civil Engineering and Architecture, Department of Construction Materials Engineering and Geoengineering** and I also agree to the processing of my personal data for the purpose of the recruitment process.

INFORMATION ON THE PERSONAL DATA PROCESSING INFORMATION CLAUSE

Pursuant to Art.13 par. 1 and 2 of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) (Official Journal of the European Union, L119, 4 May 2016, p.1), hereinafter referred to as “GDPR”, we kindly inform that:

- The Administrator of your personal data is Lublin University of Technology headquartered at Nadbystrzycka 38 d Str., 20-618 Lublin;
- Tomasz Joński has been appointed as the Personal Data Protection Inspector; e-mail - t.jonski@pollub.pl;
- Your personal data will be processed by the Administrator on the basis of Art. 6 par. 1 (a) (c), within the scope of generally applicable law regulations as well as an application form, to carry out the recruitment process for the **Adjunct**

(experienced researcher) Team #1 position. The legal basis for data processing is your consent;

- In the case of the decision on the qualification and admission to the competition position, paper-based documentation accepted by the committee shall be forwarded to the Human Resources Department of Lublin University of Technology to carry out the recruitment process as well as to begin the employment procedure;
- The Administrator shall not share your personal data with any recipients, except for the cases where such an obligation results from generally applicable law regulations;
- The Administrator shall store your personal data during the recruitment process resulting from the university's internal legal acts, but no longer than for 2 years from the date of submitting your application form;
- You have the right to access your personal data content, the right to demand its rectification, deletion, processing restriction as well as objecting to its processing. You also have the right to lodge a complaint to the regulatory organ – the President of the Personal Data Protection Office in the case of suspicion that your personal data is being processed by the Administrator breaching the law regulations;
- Withdrawal of consent to your personal data processing shall not affect the compliance with the law of the data processing, made on the basis of the consent before it has been withdrawn;
- Expressing consent to the personal data processing is voluntary, however, the lack of consent shall result in the inability to participate in work recruitment.
